In this instance you must pay us an amount which is proportionate to the service provided up to the point you cancelled the order. You will also need to pay any connection or activation charges associated with that service – including the full cost of charges that were discounted or advertised as free as a condition of taking the service on the terms that you agreed when we accepted your order.

- 8.2.7 If you cancel your order outside of your cooling off period, you will not receive a refund for any one-off fees or activation fees. In addition, you may cancel your order up to 2 working days before your services go live subject to an order cancellation fee of £45. After this point until the go live date there is an additional £150 charge for any late cancellation or missed appointment.
- 8.3 Once the Customers Service has been installed the Customer may terminate this Agreement at any time by providing 30 days' notice by calling our Customer Care Team on 01403 216137 however it should be noted that if this termination is served within the period of the agreed contract term early termination charges will apply (see clause 8.4).

- 8.9 Termination of the Agreement shall not relieve the Customer of its obligation to pay any charges incurred or affect in any way the continuation in force of paragraphs 5, 6 and 8.
- 8.10 Notwithstanding clause 8.4, if you end your contract for broadband services with us and do not transfer your broadband services and telephone line to another provider via a recognised transfer process, you agree to pay us a disconnection charge of £40. This fee is a charge applied by BT Wholesale to cover the cost of the work required to disconnect the services from the exchange. Further information and details on exceptions can be found at <https://www.hometelecom.co.uk/termsandconditions>.
